Sherree People

Mrs S D People
Chairman of the Board

**Directors' Report
For the Year Ended 25 January 2025**

The Directors present their report and the financial statements for the year ended 25 January 2025.

Financial review

During this financial year it has been very much “a year of change” for the Society and there have been some significant changes in the Senior Management within the business. At the end of June 2024 Julian Coles retired as Chief Executive with the Society, a post that he had held for 13 years of a total 27 years' service with the business. From July 1st 2024 Dan Welsh took over as CEO having previously held the role of Senior General Manager for the Food business and over 30 years' service with the Society. Our Deputy CEO and Accountant, Andy Richardson, had also given his notice of intention to retire a little later in the year and after 16 years with the Society. An extensive recruitment process was then under way for replacement, and we welcomed Stacey Taylor to the Business as Deputy CEO and Head of Finance in July 2024. We also welcomed Jason Tomkins to the Society in 2024, Jason joins the business as Retail Operations Manager for the Food division. We wish both Julian and Andy long and Happy retirements and welcome Stacey and Jason to the Society. Both have extensive experience and knowledge and are already implementing positive changes that in the longer term will benefit the Society, and we wish them well for the future in their new roles

For the 52 weeks of the financial year our total turnover reached £28,670,000 and this was a reduction of -1.4% compared to the prior year. Our property income for the year was £622,000 which was an increase of 8.5% when compared to the prior year figures. Our overall Surplus before tax was £75,000 and this is a significant reduction on the prior year which was £941,000. The reason for this reduction was primarily due to some lower than expected sales in our trading divisions, increased operating expenses in areas such as National Living Wage, Increased Distribution costs and some one-off recruitment costs due to the change in Senior leadership. There have also been some significant impairment costs of £425,000 due to a revaluation of our investment property portfolio and mainly relate to our 9 Colehill re-development that was completed later than originally scheduled. This property was handed over by the developers in October 2024 and although we have added 5 residential and 2 commercial units at the time of the valuation the building was not fully occupied. This does affect the book value, and we have not fully recovered the investment the society has made in these renovations within this financial year. Looking at other items below the trading line, interest received was significantly higher than the prior year and this was due to a better utilisation of our cash investments. Pension financing costs on the former final Salary Pension Scheme were slightly lower than the prior year and after deducting dividends and grants total surplus before tax is £75,000. The Society had planned for lower levels of profitability given the increases in operating expenses and the change within the society over the course of the year and although we did not hit our targets given the Impairment adjustments, without this then the results would have been more encouraging.

The Food Division did not carry out any re-fits during the year but there were some projects due to start with Electronic Shelf Edge Labels and new Space Planning Software but eventually these were delayed and will now commence within the next financial year. Summer trading for our Food Division was disappointing with a particularly wet summer and this did affect our sales and coupled with some further challenges in consumer spending did mean our Food division sales were behind the prior year. We continue to offer online sales through the “Snappy Shopper” Platform and at the end of 2024 we introduced “Just Eat” in some of our stores too. Although these only account for around 2% of our total sales, we do believe this will continue to grow in line with changing consumer habits. 2024 was the first full year of food deliveries to all stores from the Co-op Group LIDIA network. The service to stores has been very good and we have noticed an overall improvement in our availability in-store, however our distribution costs have increased with the switch to this new provider. The Tamworth Town Centre continues to be a challenge from a trading point of view, and we do operate our Church Street store and Post Office within the town and this location has been further affected by lower footfalls. Staff safety continues to be a priority, and we had previously introduced the “Staff Safe” system into all of our stores which works very well, there have been some further enhancements over the year to incorporate this into some of our other security systems at all food locations.

**Directors' Report (continued)
For the Year Ended 25 January 2025**

Our Funeral Business has carried out fewer arrangements than the prior year and although this was below our expectations it is broadly in line with national mortality rates. Over the course of the year the Funeral Division have deployed a new computer management system which was tested and went live in the second half of the year. This system should bring about some improvements to our funeral operations across all branches and will provide improved management information for our business going forwards.

Regarding property we did carry out an extensive refurbishment to our 9 Colehill property. This project commenced in late 2023 and the building was completed and handed over in October 2024. The 19th Century, Grade II listed building has been extensively refurbished, retaining period features and as a result we have created five residential apartments and two commercial units, all to a very high standard. All properties have been upgraded to modern standards including electric vehicle charging and this work is a significant investment for the Society and completes our 8 & 9 Colehill property redevelopment. Planning permission for the construction of 11 residential homes was obtained on the site of our former Garage on Bonehill Road. We are now in the process of marketing this site and it is hoped a sale can be agreed within the next financial year.

With reference to the Final Salary Pension scheme which closed to future accrual in 2009, the Society paid in £375,000 during the year and covered the expense costs of running the scheme. This is in line with the recovery plan and the financial statements for the Pension Scheme now show a deficit of £1,353,000 compared to £1,831,000 last year.

During the year the society made some significant donations to the Heart of Tamworth Community Project. For the second year running the Society donated £10,000 worth of food for 500 food parcels to be made up and given to local schools for families in need. Our colleagues also gave their time to help putting these together and delivering them to local schools in our trading area. A little later in the year Directors agreed to donate £8,000 to the Heart of Tamworth "Lunch Club", this vital service provides a lifeline for those who are lonely and isolated within our community and this funding allows the service to carry on operating for another twelve months.

The Board of Directors would just like to thank all our tremendous colleagues within the Society for all of the hard work, support and commitment made over the last year. Although the outlook remains cautious and there are a number of challenges ahead, changes within the business are now bedding in and there are new opportunities to explore. With a strong foundation and a long history behind us the Society remains well placed for the future.

Directors' Report (continued)
For the Year Ended 25 January 2025

Dividend

The Board of Directors remains mindful of the importance of Dividends to our Members, but is conscious of the financial challenges facing the Society in the year ahead. The Board has therefore agreed to a 2% dividend and will endeavour to keep it at least at this level in the future

The Dividend distributed is as follows:

	Recommended 2025	Paid April 2024
Members Dividend	116,205	97,171
Waived Dividends to Charities	10,681	10,864
Dividend Vouchers not Redeemed	<u>(10,000)</u>	<u>(10,000)</u>
Total	<u>116,886</u>	<u>98,035</u>

Community Dividend 2024/2025:

The Board allocated £8,000 to assist members of the local community with food poverty. In conjunction with Heart of Tamworth, the Society distributed food parcels via schools in the vicinity of our food stores.

The Society has not yet made any decisions regarding the 2025/26 utilisation of community dividend.

Membership

Details of Membership are recorded below:

	Open Accounts	Suspended Accounts
Opening balance as at 27 January 2024	21,874	20,309
New Members during the year	1,865	7
Closed Accounts	(394)	-
Transfers from Suspended	78	(78)
Closing balance as at 25 January 2025	23,423	20,238

Search Committee

The Society has established a Search Committee comprising five Members of the Board of Directors, fully detailed on the society information page, and this is responsible for the following duties:

- Formulate plans for succession for members of the Management Executive.
- Regularly evaluate the balance of skills, knowledge and experience on the Board.
- Inform the Chief Executive of any skills deficiencies on the Board and ensure that the necessary training be provided.

Recommendations from the Search Committee are made to the full Board of Directors.

Remuneration policy

The Remuneration Policy set by the Board and individual Remuneration Packages for Executive Management are determined by the Remuneration Committee within the framework of its Policy.

Details of Directors who are Members of the Remuneration Committee during the period ended 25th January 2025 can be found on the society information page of the Report.

The Remuneration Committee has access to independent advice where it considers it appropriate.

Formal terms of reference have been agreed by the Board of Directors and the Committee has met on six occasions during the financial period ended 25th January 2025. Minutes of the Committee Meetings are provided to the Board of Directors at the Board Meeting following the Meeting of this Committee and the Board considers any recommendations made to it.

The duties of the Committee are to determine and agree with the Board the remuneration and contractual position of the Society's Chief Executive and other Members of the Executive Management.

They also recommend to the Board of Directors where they consider changes should be made to Director Remuneration.

In determining such policy, they take into account all factors which they deem necessary. The objective of such a policy is to ensure that Members of the Management Executive of the Society are provided with appropriate incentives to encourage enhanced performance and are, in a fair and responsible manner, rewarded for their individual contributions to the success of the Society. They approve the design of, and determine targets, for any performance related Pay Schemes and approve the total annual payments made under such Schemes.

In determining such packages and arrangements, they give due regard to any relevant legal requirements and review and note annually the Remuneration trends across the Society.

Further details concerning Executive Remuneration can be found on page 38.

The Remuneration of Directors is linked to the Retail Price Index except when other proposals are placed before Members at an Annual General Meeting.

Member Relations

The Members Relations Committee held one meeting during the year. The committee consist of Directors, current and past employees.

Retirements

The Society remembers Employees who have retired during the year and extends its very grateful and sincere thanks for the dedicated service provided over many years, wishing them a long, happy and healthy retirement.

Obituaries

The Board very much regrets the death of former Employees and their families and remembers them all with much affection and gratitude.

Social and Co-operative performance

As a Co-operative Society we have been asked to measure ourselves against a number of indicators of social, co-operative and environmental performance but because of the size and the nature of the Society we are unable to report in the depth that larger Societies can do because of their levels of resources. These are reported on as follows, unless they are separately covered elsewhere in this Report.

Member economic involvement

Member economic involvement indicates how well we are meeting our Members' needs and whether we are successful in recruiting new Members from our Customer base. For the period ended 25th January 2025 Members claimed Dividend on 16.7% of Society sales (as against 15.2% last year).

The Society recruited 1,865 (2024 - 894) either new members or members re-engaging with the society and requesting a members card.

Member democratic participation

The Society is democratically controlled by its Members. It is therefore important to measure the number of Members who become actively involved in the decision making and to encourage Members to participate to a greater extent.

The number of Members who took part in the AGM in 2024 was 33 against 23 in 2023, 20 in 2022, 23 in 2021.

Participation in training and education

All Employees are encouraged to actively undergo Training and regular Courses take place throughout the Organisation each year.

Staff injury and absentee rates

Staff injury and absentee rates provide the Society with an indication of how well we control the risks to the health, safety and wellbeing of our Employees. Staff are encouraged to report all accidents, no matter how minor, and these are recorded to ensure that safety standards are maintained and continuously improved. The Health & Safety Committee on which the Board and employees are represented reviews these accidents at every Meeting.

This year 36 accidents were recorded across the Society, including 25 to employees. There were no reportable accidents. The comparative figures for the previous year were 58 accidents including 43 to Staff, there were no reportable accidents.

The average number of days lost per Full Time Equivalent Employee through sickness and absenteeism was 10.6 days against 9.8 days the previous year.

Staff profile

The Society has a policy of promoting an environment free from discrimination, harassment and victimisation where everyone receives equal treatment regardless of their gender, colour, ethnic or national origin, disability, age, marital status, sexual orientation or religion. All decisions are based solely upon work criteria and individual merit.

The Board is currently composed of seven male and four female Directors. Senior Management is made up of three men and two women.

74.9% (2024 - 76.7%) of total Employees are women and 25.1% (2024 - 23.3%) men. 44.9% (2024 - 47.2%) of Employees are full-time and 55.1% (2024 - 52.8%) part-time.

Employee involvement

The Society places considerable value on the involvement of its employees and has continued to keep them informed on matters affecting them as employees and on the various factors affecting the performance of the Society. This is achieved through formal and informal meetings and circulation of regular briefing letters.

Disabled employees

Applications for employment by disabled persons are always fully considered bearing in mind the abilities of the applicant concerned. In the event of members of staff becoming disabled every effort is made to ensure that their employment with the Society continues and that appropriate arrangements are made. It is the policy of the Society that the training, career development and promotion of disabled persons should, as far as possible, be identical to that of other employees.

Ethical issues

As indicated within the Staff Profile paragraph above, the Society has a clear ethical policy in relation to Employee matters. So far as procurement is concerned the Society operates a similar policy and procurement is made through whatever sources are best for the Society's business. The Society purchases all of its food through the Federal Retail Trading Services and follows the ethical practices conducted by that Group.

The Society has made no investments outside those offered by our Bankers during recent periods.

The Environment

The Society continues to purchase all of its energy via Inspired Energy. The external provider behind Inspired Energy is called Smartest. The Society has joined forces with several other independent Co-operatives and secured terms for the buying of energy with Inspired Energy.

Proportion of waste recycled/reused

We actively encourage the recycling of waste. Cardboard in particular is collected from all of our retail outlets, compacted in some cases, before being sent off for recycling. Unfortunately we do not have the means for producing figures indicating the tonnage of cardboard recycled.

The Society continues to maintain its links with an organisation called "too good to go". Via a phone app customers can purchase a magic bag containing products that have reached their end of shelf life. This avoids the product going to waste.

Responsibilities of the Board of Directors

Co-operatives UK prepare a Corporate Governance Code for Consumer Co-operative Societies. This recognises that a neglect of governance weakens the framework of accountability and carries multiple risks to the business and its strategy over time. Conversely good governance supports the Board in its task of creating and maintaining a strong and sustainable business that meets the needs of its Members. Co-operatives UK indicate that they understand that the Code needs to be flexible but indicate that Member Co-operatives should include statements in their annual reports disclosing the extent to which they have followed it during the reporting period.

The latest version of the Code was issued in November 2019 and the Society does comply with the majority of the recommendations but would comment on the following specific points.

Provision 3.9 indicates that the maximum service of any Chair person may not exceed six years. Normally, the Board elect a different Chairman every year but there is no limit on the number of times that a person could serve as a Chairman. In practice it is not believed that this has ever exceeded six occasions but in a similar way to later responses the Society does not believe it is appropriate to put a limit on any of these areas.

Provision 4.1 indicates that no Directors should serve more than three consecutive three-year terms. The Society does not accept this recommendation.

The Code makes a recommendation at 4.14 regarding evaluation and the possibility of using an external facilitator to carry out a Board evaluation. The Board did trial this idea several years previously but has not decided to repeat the exercise. Because of the size of the Society and the need for Board Members to be appointed by the Members, it is not felt that this is an appropriate suggestion for our organisation.

On Committees of the Board, there are several recommendations regarding numbers that should comprise these Committees and how long individuals can serve on them. In a similar way to the comments made regarding the length of the service of the Chairman as indicated above, the Society does not believe it is appropriate to put a maximum term on any such service commitments. The Society also feels that it needs to determine the ideal size of such Committees based on its own needs rather than any outside suggestions. At this point the entire Board serves as Audit Committee and does not satisfy the requirement of one Member of that Committee having relevant financial experience as no professionally qualified Accountants currently sit on the Board.

Directors' Report (continued)
For the Year Ended 25 January 2025

Responsibilities of the Board of Director (continued)

Provision 5.12 indicates that in the event of a solvent dissolution then any surplus arising should be distributed in accordance with the International Co-operative Alliance Values and Principles. This is actually a matter that is dealt with in the Rules of the Society and The Society Rules indicate that any remaining assets after the satisfaction of all debts and liabilities should be distributed to local charitable organisations as determined by the Members. Reference has been made to this issue at previous Annual General Meetings and whilst the Board feel the chances of this arising are remote it will be given consideration the next time the Society Rules are being comprehensively considered.

Going concern

After making all appropriate enquiries, the Directors have a reasonable expectation that the Society has adequate resources to continue in operational existence for the foreseeable future. For this reason, the Directors continue to adopt the Going Concern basis in preparing the Society's Accounts. In particular, the Society has cash of £3,762,000 at 25th January 2025.

Internal control

As previously mentioned, the entire Board sits as the Audit Committee, and as such meets the Auditor to have a full discussion. In addition, the Management letter from the Auditors is also presented to the full Board.

The Board of Directors has continued to review and report upon internal financial controls.

The Society has continued with its work on establishing procedures necessary to comply with Legislation and the Corporate Governance Code of Best Practice and wherever possible additional Reports are made and controls implemented as is considered appropriate for a Society of this size.

The key elements of the Society's system of internal financial controls are as follows

(A) Control environment

The Society is committed to the highest standards of business conduct and seeks to maintain these standards across all of its operations.

The Society has an appropriate organisational structure for planning, executing, controlling and monitoring business operations in order to achieve Society objectives. Lines of responsibility and delegations of authority are documented and reviewed at least annually at Strategy Meetings.

The annual budget and long term plan of the society and of each Division are reviewed and approved.

A full Society Strategy is in place and is reviewed at least on an annual basis and separate Board Meetings are convened for that purpose.

At 25 January 2025 the number of creditor days outstanding for the Society was 20.3 days (2024 - 20.1 days).

Directors' Report (continued)
For the Year Ended 25 January 2025

Internal control (continued)

(B) Risk identification

Society Management continue to be responsible for the identification and evaluation of key risks applicable to their areas of Business. These risks are assessed on a continual basis and may be associated with a variety of internal or external sources including control breakdowns, disruption in information systems, competition, natural catastrophe, and regulatory requirements.

(C) Information and communication

The Society's Businesses participate in periodic Strategic Reviews which include consideration of long term financial projections and the evaluation of Business alternatives with an in-depth analysis of past performance. Operating units prepare annual budgets and strategic plans. Performance against plan is actively monitored at the Board and Executive levels supported by regular forecasts and meetings between Senior Management and the Board of Directors as considered appropriate. Forecasts and results are consolidated and presented to the Board on a regular basis.

Through these mechanisms, Society performance is continually monitored, risks identified in a timely manner, their financial implications assessed, control procedures re-evaluated and corrective actions agreed and implemented.

(D) Control procedures

The Society and its operating units have implemented control procedures designed to ensure complete and accurate accounting for financial transactions and to limit the potential exposure to loss of assets or fraud.

(E) Monitoring and corrective action

There are clear and consistent procedures in place for monitoring the system of internal financial controls. The Board of Directors meets regularly to review the effectiveness of the Society's system of financial controls. Monthly Management Accounts are considered in great detail and any appropriate action is taken whenever necessary.

Disclosure of information to auditors

Each of the persons who are Directors at the time when this Directors' report is approved has confirmed that:

- so far as the Director is aware, there is no relevant audit information of which the Society's auditors are unaware, and
- the Director has taken all the steps that ought to have been taken as a Director in order to be aware of any relevant audit information and to establish that the Society's auditors are aware of that information.

Post balance sheet events

There have been no significant events affecting the Society since the year end.

Directors' Report (continued)
For the Year Ended 25 January 2025

Auditors

The auditors, Dains Audit Limited, will be proposed for reappointment in accordance with Co-operative and Community Benefit Societies Act 2014

This report was approved by the board on 18 March 2025 and signed on its behalf.

Sheree People

Mrs S D People
Chairman of the Board

Dan Welsh

Dan Welsh
Chief Executive Office

**Directors' Responsibilities Statement
For the Year Ended 25 January 2025**

The Directors are responsible for preparing the Strategic report, the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Society and of the profit or loss of the Society for that period.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies for the Society's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Society will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Society's transactions and disclose with reasonable accuracy at any time the financial position of the Society and to enable them to ensure that the financial statements comply with the Co-operative and Community Benefit Societies Act 2014. They are also responsible for safeguarding the assets of the Society and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Society's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements and other information included in Directors' reports may differ from legislation in other jurisdictions.

Board Certification

The financial statements on pages 19 to 50 are hereby signed on behalf of the Board of Directors pursuant to Section 80 of the Co-operative and Community Benefit Societies Act 2014.

* Mrs Higginson and Mr Rose resigned from the board during the year.

**Mr S People and Mr S Pursglove were appointed to the board during the year.

Opinion

We have audited the financial statements of Tamworth Co-operative Society Limited (the 'Society') for the year ended 25 January 2025, which comprise the revenue account, the statement of comprehensive income, the balance sheet, the statement of cash flows, the statement of changes in equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Society's affairs as at 25 January 2025 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Co-operative and Community Benefit Societies Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Society in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Society's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Annual Report other than the financial statements and our Auditors' report thereon. The Directors are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Co-operative and Community Benefit Societies Act 2014

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Society and its environment obtained in the course of the audit, we have not identified material misstatements in the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Co-operative and Community Benefit Societies Act 2014 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' responsibilities statement set out on page 13, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Society or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows:

- the senior statutory auditor ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- we identified the laws and regulations applicable to the Society through discussions with directors and other management, and from our commercial knowledge and experience of the co-operative sector;
- we focused on specific laws and regulations which we considered may have a direct material effect on the financial statements or the operations of the Society, including the financial reporting legislation, Co-operative and Community Benefit Societies Act 2014, taxation legislation, anti-bribery, employment, and environmental and health and safety legislation;
- we assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and inspecting legal correspondence; and
- identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.

We assessed the susceptibility of the Society's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:

- making enquiries of management as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud; and
- considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.

To address the risk of fraud through management bias and override of controls, we:

- performed analytical procedures to identify any unusual or unexpected relationships;
- tested journal entries to identify unusual transactions;
- assessed whether judgements and assumptions made in determining the accounting estimates were indicative of potential bias; and
- investigated the rationale behind significant or unusual transactions.

Auditors' responsibilities for the audit of the financial statements (continued)

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:

- agreeing financial statement disclosures to underlying supporting documentation;
- reading the minutes of meetings of those charged with governance;
- enquiring of management as to actual and potential litigation and claims; and
- reviewing correspondence with HMRC, relevant regulators and the company's legal advisors.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' report.

Use of our report

This report is made solely to the Society's members, as a body, in accordance with section 87 of the Co-operative and Community Benefit Societies Act 2014. Our audit work has been undertaken so that we might state to the Society's members those matters we are required to state to them in an Auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Society and the Society's members, as a body, for our audit work, for this report, or for the opinions we have formed.

**Notes to the Financial Statements
For the Year Ended 25 January 2025**

1. General information

The Tamworth Co-operative Society Limited is a Co-operative society domiciled in the United Kingdom. The Society is incorporated in England and Wales under the Co-operative and Community Benefit Societies Act 2014.

The registered office of the Co-operative is 8 Colehill, Tamworth, Staffordshire, B79 7HE.

The principal activities of the Society and the nature of the Society's operations are set out in the directors report.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Society's accounting policies (see note 3).

The society's functional and presentational currency is GBP. The financial statements are presented in pounds sterling and amounts have been rounded to the nearest £'000.

The following principal accounting policies have been applied:

2.2 Going concern

After making all appropriate enquires, the Directors have a reasonable expectation that the society has adequate resources to continue in operational existence for a period of at least 12 months from the date of approval of these financial statements. For this reason the Directors continue to adopt the going concern basis in preparing the society financial statements.

2.3 Accounting date

The financial statements are in respect of the 52 week period ended 25 January 2025 with the comparative figures for the 52 week period ended 27 January 2024.

2.4 Gross takings

Gross takings includes cash sales, goods sold on credit and concessionaire sales inclusive of Value Added Tax.

2. Accounting policies (continued)

2.5 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Society and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Sale of goods

Revenue from the sale of goods is recognised when all of the following conditions are satisfied:

- the Society has transferred the significant risks and rewards of ownership to the buyer;
- the Society retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- the amount of revenue can be measured reliably;
- it is probable that the Society will receive the consideration due under the transaction; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Rendering of services

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the Society will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

2.6 Property income

Income received from property is accounted for on an accruals basis for rents received.

2.7 Repairs

Repair expenditure is charged to the revenue account in the year that the cost is incurred.

2.8 Intangible assets

Intangible assets are initially recognised at cost. After recognition, under the cost model, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

All intangible assets are considered to have a finite useful life. If a reliable estimate of the useful life cannot be made, the useful life shall not exceed ten years.

2. Accounting policies (continued)

2.9 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

At each reporting date the company assesses whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is determined which is the higher of its fair value less costs to sell and its value in use. An impairment loss is recognised where the carrying amount exceeds the recoverable amount.

The Society adds to the carrying amount of an item of fixed assets the cost of replacing part of such an item when that cost is incurred, if the replacement part is expected to provide incremental future benefits to the Society. The carrying amount of the replaced part is derecognised. Repairs and maintenance are charged to profit or loss during the period in which they are incurred.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Freehold property	- 2% per annum
Leasehold buildings	- over the unexpired period of the lease
Transport	- over the expected working life or 4 years
Fixtures and fittings	- over the expected working life or 10 years
Assets under construction	- Not depreciated

2.10 Impairment of fixed assets

Assets that are subject to depreciation or amortisation are assessed at each balance sheet date to determine whether there is any indication that the assets are impaired. Where there is any indication that an asset may be impaired, the carrying value of the asset (or cash-generating unit to which the asset has been allocated) is tested for impairment. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's (or CGU's) fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which they are separately identifiable cash flows (CGUs). Non-financial assets that have been previously impaired are reviewed at each balance sheet date to assess whether there is any indication that the impairment losses recognised in prior periods may no longer exist or may have decreased.

2.11 Operating leases: the Society as lessee

Rentals paid under operating leases are charged to the revenue account on a straight line basis over the period of the lease.

2. Accounting policies (continued)

2.12 Investment property

Investment property is carried at fair value determined annually by external valuers and derived from the current market rents and investment property yields for comparable real estate, adjusted if necessary for any difference in the nature, location or condition of the specific asset. No depreciation is provided. Changes in fair value are recognised in profit or loss.

2.13 Valuation of investments

Investments in funeral prepayment plans and other unlisted shares, whose market value can be reliably determined, are remeasured to market value at each balance sheet date. Gains and losses on remeasurement are recognised in the Profit and Loss Account for the period. Where market value cannot be reliably determined, such investments are stated at historic cost less impairment.

2.14 Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is determined by calculation from retail selling price, discounted back at the average gross margin achieved and other reconciling items.

At each balance sheet date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

2.15 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.16 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2. Accounting policies (continued)

2.17 Financial instruments

The Society only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the revenue account

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Society would receive for the asset if it were to be sold at the balance sheet date

Financial assets and liabilities are offset and the net amount reported in the Balance sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.18 Creditors

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.19 Finance costs

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2. Accounting policies (continued)

2.20 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting. Dividends on shares recognised as liabilities are recognised as expenses and classified within interest payable.

2.21 Pensions

Defined contribution pension plan

The society operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the society pays fixed contributions into a separate entity. Once the contributions have been paid the society has no further payments obligations.

The contributions are recognised as an expense in the revenue account when they fall due. Amounts not paid are shown in accruals as a liability in the Balance sheet. The assets of the plan are held separately from the society in independently administered funds.

Defined benefit pension plan

The society operates a defined benefit plan for certain employees. The scheme was closed to future accrual in October 2009. The society no longer has any employees accruing future increases or benefits. A defined benefit plan defines the pension benefit that the employee will receive on retirement, usually dependent upon several factors including but not limited to age, length of service and remuneration. A defined benefit plan is a pension plan that is not a defined contribution plan.

The liability recognised in the Balance sheet in respect of the defined benefit plan is the present value of the defined benefit obligation at the end of the balance sheet date less the fair value of plan assets at the balance sheet date (if any) out of which the obligations are to be settled.

The defined benefit obligation is calculated using the projected unit credit method. Annually the society engages independent actuaries to calculate the obligation. The present value is determined by discounting the estimated future payments using market yields on high quality corporate bonds that are denominated in sterling and that have terms approximating to the estimated period of the future payments ('discount rate').

The fair value of plan assets is measured in accordance with the FRS 102 fair value hierarchy and in accordance with the society's policy for similarly held assets. This includes the use of appropriate valuation techniques.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income. These amounts together with the return on plan assets, less amounts included in net interest, are disclosed as 'Remeasurement of net defined benefit liability'.

2. Accounting policies (continued)

2.21 Pensions (continued)

The cost of the defined benefit plan, recognised in profit or loss as employee costs, except where included in the cost of an asset, comprises:

- a) the increase in net pension benefit liability arising from employee service during the period; and
- b) the cost of plan introductions, benefit changes, curtailments and settlements.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is recognised in profit or loss as a 'finance expense'.

2.22 Interest income

Interest income is recognised in profit or loss using the effective interest method.

2.23 Provisions for liabilities

Provisions are made where an event has taken place that gives the Society a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to the profit and loss account in the year that the Society becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties. When payments are eventually made, they are charged to the provision carried in the balance sheet.

2.24 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Society operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

**Notes to the Financial Statements
For the Year Ended 25 January 2025**

2. Accounting policies (continued)

2.24 Current and deferred taxation (continued)

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2.25 Share interest

The society's members' share capital maintains a fixed nominal value and attracts interest. Share interest is disclosed as a movement in equity and within the reconciliation of movements in members' funds.

3. Judgements in applying accounting policies and key sources of estimation uncertainty

In the application of the society's accounting policies, which are described in note 2, the directors are required to make Judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods in the revision affects both current and future periods.

Depreciation and residual values

The Directors have reviewed the asset lives and associated residual values of all fixed asset classes, and in particular, the useful economic life and residual values of freehold properties, and have concluded that asset lives and residual values are appropriate.

Impairment of tangible fixed assets

The society conducts impairment reviews of assets when events of changes in circumstances indicate that their carrying amounts may not be recoverable annually in accordance with Financial Reporting Standard 102. An impairment loss is recognised when the carrying amount of an asset is lower than the greater of its net selling price or the value in use. In determining the value in use, management assesses the present value of the estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life. Estimates and Judgements are applied in determining these future cash flows and the discount rate.

Notes to the Financial Statements
For the Year Ended 25 January 2025

3. Judgments in applying accounting policies (continued)

Defined benefit pension scheme

The present value of the pension scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost (income) for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 22, will impact the carrying amount of the pension liability. Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2022 has been used by the actuary in valuing the pensions liability at 25 January 2025. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

4. Turnover

The whole of the turnover is attributable to the principal activity.

All turnover arose within the United Kingdom.

5. Auditors' remuneration

	2025	2024
	£000	£000
Fees payable to the Society's auditors and their associates for the audit of the Society's financial statements	26	25
Fees payable to the Society's auditor and its associates in respect of:		
Other services relating to taxation	7	24
	=====	=====

6. Interest receivable and similar income

	<u><u>106</u></u>	<u><u>55</u></u>

Notes to the Financial Statements
For the Year Ended 25 January 2025

10. Employees

Staff costs, including Directors' remuneration, were as follows:

	2025	2024
	£000	£000
Wages and salaries	5,186	4,881
Social security costs	381	341
Cost of defined contribution scheme	176	166
	<u>5,743</u>	<u>5,388</u>

The average monthly number of employees, including the Directors, during the year was as follows:

	2025	2024
	No.	No.
Full time	81	87
Part time	199	195
	<u>280</u>	<u>282</u>

Notes to the Financial Statements
For the Year Ended 25 January 2025

Management executive remuneration

	2025	2024
	£000	£000
The total remuneration of the management executive was as follows:		
Salaries	424	417
Bonus	67	63
Taxable benefits	5	5
Pension contributions	20	23
	<u>516</u>	<u>508</u>

The emoluments of the Chief Executive Officer (who is also the highest paid employee) included above was as follows:

	2025	2024
	£000	£000
Salary	142	138
Bonus	40	40
Pension contributions	7	7
	<u>189</u>	<u>185</u>

11. Trading surplus

The trading surplus is stated after charging:

	2025	2024
	£000	£000
Depreciation of tangible assets	764	737
Defined contribution pension cost	176	166
Operating lease rentals - other operating leases	(17)	(17)
Directors' fees	42	40
	<u>965</u>	<u>923</u>

Notes to the Financial Statements

Origination and reversal of timing differences	202	336
Total deferred tax	202	336
Taxation on surplus	221	330

Notes to the Financial Statements
For the Year Ended 25 January 2025

12. Taxation (continued)

Factors affecting tax charge for the period

The tax assessed for the period is higher than (2024 -higher than) the effective rate of corporation tax in the UK of 25% (2024 -23.93%). The differences are explained below:

	2025	2024
	£000	£000
Surplus before tax	75	942
Surplus multiplied by standard rate of corporation tax in the UK of 25% (2024 - 23.93%)	19	225
Effects of:		
Expenses not deductible for tax purposes	115	8
Fixed asset differences	76	48
Adjustments to tax charge in respect of prior periods	-	(6)
Other timing differences	(4)	11
Non-taxable income	(11)	(34)
Capital gains	26	78
Total tax charge for the period	221	330

Factors that may affect future tax charges

The rate of tax applied to the reported profit is 25% (2024 23.93%). The rate of tax as introduced in the Finance Bill 2021 changed from 1 April 2023 from 19.00% to 25.00%.

Deferred taxes at the balance sheet date have been measured using these tax rates and are reflected in these financial statements.

There is no expiry date on timing differences, unused tax losses or tax credits.

Notes to the Financial Statements
For the Year Ended 25 January 2025

13. Tangible fixed assets

	Freehold land and buildings £000	Leasehold land and buildings £000	Transport £000	Fixtures, fittings and plant £000	Assets under construction £000	Total £000
Cost or valuation

Notes to the Financial Statements
For the Year Ended 25 January 2025

20. Deferred taxation (continued)

The deferred tax balance is made up as follows:

	2025 £000	2024 £000
Accelerated capital allowances	(469)	(523)
Pension deficit	338	578
Other timing difference	9	8
Property gains and losses	178	204
Losses and other deductions	-	36
	<u>56</u>	<u>303</u>
Comprising:		
Asset - due after one year	785	782
Liability	(729)	(479)
	<u>56</u>	<u>303</u>

21. Capital commitments

At 25 January 2025 the Society had capital commitments as follows:

	2025 £000	2024 £000
Contracted for but not provided in these financial statements	-	526
	<u>-</u>	<u>526</u>

Notes to the Financial Statements
For the Year Ended 25 January 2025

22. Pension commitments

The society operates a defined contributions pension scheme. The assets of the scheme are held separately from those of the society in an independently administered fund. The pension cost charge represents contributions payable by the society to the fund and amounted to £176,000 (2024 - £166,000).

The Society operates a Defined Benefit Pension Scheme.

The Tamworth Co-operative Society Limited Employees Superannuation scheme which is based in the UK, was closed for all future accruals on 31 October 2009 and has no active members. The pensions contributions payable by the society in the year amounted to £375,000 (2024 - £1,375,000).

A full actuarial valuation was carried out as at 31 March 2022 and updated to 25 January 2025 using the Projected Unit method, by an independent qualified actuary.

Reconciliation of present value of plan liabilities:

	2025	2024
	£000	£000
At the beginning of the year	15,019	15,629
Interest cost	695	689
Actuarial gains	(520)	(371)
Benefits paid	(1,047)	(928)
	<hr/>	<hr/>
At the end of the year	14,147	15,019
	<hr/> <hr/>	<hr/> <hr/>

Reconciliation of present value of plan assets:

	2025	2024
	£000	£000
At the beginning of the year	13,188	12,922
Interest income	617	598
Actuarial gains	(339)	(779)
Contributions	375	1,375
Benefits paid	(1,047)	(928)
	<hr/>	<hr/>
At the end of the year	12,794	13,188
	<hr/> <hr/>	<hr/> <hr/>

Notes to the Financial Statements
For the Year Ended 25 January 2025

22. Pension commitments (continued)

	2025 £000	2024 £000
Fair value of plan assets	12,794	13,188
Present value of plan liabilities	(14,147)	(15,019)
Net pension scheme liability	(1,353)	(1,831)

The amounts recognised in profit or loss are as follows:

	2025 £000	2024 £000
Interest on obligation	(78)	(91)
Total	(78)	(91)

The cumulative amount of actuarial gains and losses recognised in the Statement of comprehensive income was £4,001,000 (2024 -£3,820,000).

The Society expects to contribute £375,000 to its Defined Benefit Pension Scheme in 2026.

	2025 £000	2024 £000
Analysis of actuarial loss recognised in Other Comprehensive Income		
Actual return less interest income included in net interest income	(339)	(779)
Experience gains and losses arising on the scheme liabilities	53	(416)
Changes in assumptions underlying the present value of the scheme liabilities	467	787
	181	(408)

Notes to the Financial Statements
For the Year Ended 25 January 2025

22. Pension commitments (continued)

Principal actuarial assumptions at the balance sheet date (expressed as weighted averages):

	2025	2024
	%	%
Discount rate	5.30	4.80
Revaluation in deferment	2.40	2.20
Future pension increases	2.40	3.00
Inflation assumption (CPI)	2.20	2.20
Mortality rates		
- for a male aged 65 now	86.0	86.1
- at 65 for a male aged 45 now	87.0	87.0
- for a female aged 65 now	88.6	88.5
- at 65 for a female member aged 45 now	89.7	89.6

Amounts for the current and previous four periods are as follows:

Defined benefit pension schemes

	2025	2024	2023	2022	2021
	£000	£000	£000	£000	£000
Defined benefit obligation	(14,147)	(15,019)	(15,629)	(22,882)	(23,184)
Scheme assets	12,794	13,188	12,922	16,956	15,972
Deficit	(1,353)	(1,831)	(2,707)	(5,926)	(7,212)
Experience adjustments on scheme liabilities	520	371	6,813	(358)	(205)
Experience adjustments on scheme assets	(339)	(779)	(3,843)	1,382	232
	181	(408)	2,970	1,024	27

Notes to the Financial Statements
For the Year Ended 25 January 2025

23. Share capital

	2025 £000	2024 £000
At the start of the period	2,036	2,190
Contributions	106	134
Interest	46	38
	<u>2,188</u>	<u>2,362</u>
Share capital - fully paid - shares redeemed	(219)	(326)
At end of period	<u>1,969</u>	<u>2,036</u>

Share capital is non equity share capital comprising £1,968,536 (2024 - £2,035,951) shares of £1 each, attracting interest of between nil and 4.0% per annum, depending on the balance held.

The share capital is withdrawable on periods of notice varying according to the amount involved, however this requirement can be waived by the Directors under Rule 7.9(b).

Each member is entitled to one vote.

The society rules indicate that on solvent dissolution or winding up that any remaining assets be distributed to local charitable organisations as determined at a meeting of members.

24. Commitments under operating leases

At 25 January 2025 the Society had future minimum lease payments due under non-cancellable operating leases for each of the following periods:

	2025 £000	2024 £000
Not later than 1 year	17	8
Later than 1 year and not later than 5 years	33	18
	<u>50</u>	<u>26</u>

25. Reserves

Revenue reserves

The revenue reserves represents cumulative profits or losses, including unrealised profit on the remeasurement of investment properties and fixed asset investments.

26. Related party transactions

As a retail co-operative society, the society has many transactions with other Co-operative Societies. These are all commercial and at arms length. The most significant of these relates to the society's membership of the Federal Retail Trading Services (FRTS) by which purchases of stock for resale are made through the Co-operative Group Limited on terms negotiated with the third party suppliers by FRTS on behalf of its members. It is not considered that there are any related parties with the definition of FRS 102.

Other related party transactions

The total remuneration for key management personnel for the year totalled £565,000 (2023 - £524,000).
