# Committee's Report

## FELLOW MEMBERS,

We present for your consideration and approval the 92nd Annual Report and Accounts for the 53 weeks ending 23rd January, 1978.

## Membership

The net membership has again increased by more than a thousand bringing the Society into the next size range at 30,310.

## Capital and Reserves

The demand for additional capital increases year by year and this is very forcibly demonstrated not only by the cost of new developments but the replacement of existing fixtures, equipment and stock. In these days it is obviously quite insufficient to rely on traditional methods and rates of depreciation of fixed assets to provide the capital for their eventual replacement. It is, therefore, essential that the financial accounts should reflect use and occupation costs which are completely realistic and this we have attempted to do for a number of years. The most assured form of long term finance is by self provision through allocations to reserves and substantial improvements have been made to our reserve ratios in recent years. However, we are pleased to record that the members have also responded to the need for more capital largely as a result of allowing dividend to be transferred to share capital which has reached a new record level. Combined capital, that is the total balances of the Capital and Reserves account stands at £1,870,158.

## Investments

You will have noticed that in addition to separating our investments as between Shares and Loans the Auditors also require us to show short-term investments being those which are redeemable in less than twelve months. Our investment ratio is one of the best in the country and for the first time in many years exceeds 100% of the total capital directly subscribed by the members.

## Trade

We predicted a difficult trading year for 1977 and unfortunately in this instance we have to say that our predictions were correct. Quite apart from the very necessary economic restraints which were either willed or imposed by the Government, competition has entered into the fiercest stage we can ever remember and there are desperate tactics being used by some competitors which are completely outside our previous experience and almost suicidal in intensity. It is at these times when strong business nerves and the good sense and loyalty of our employees and members is most needed. This organisation belongs to its members, but it is far easier to weaken it by apathy and disuse than to keep it alive and viable by conscious effort. Total turnover at £7,147,034 whilst registering yet another million pounds, has not reached the levels we would like to have seen although some departments show quite commendable performance when all the circumstances are taken into consideration. The increase over last year is £689,165 or 10.6% and when adjusted on a weekly basis comes out at 8.5%. This, of course, ignores the effects of further rationalisation which has taken place particularly via delivery services and a substantial loss of trade occurred during the period of the National Bread Strike. Street parking restrictions and the introduction of charges on official car parks has brought changes in shopping habits and certainly in our experience the result so far has not been particularly favourable. The area has also suffered from above average unemployment and a high incidence of industrial disputes particularly in the motor trade and ancillary products.

## General

It is an accepted fact that a business such as ours cannot stand still and this is especially true in an expanding town. We are most anxious to meet the challenge of the times and it is for this reason that we are seeking planning permission for a new super store on the edge of town. Our application at local level was turned down, but an appeal was lodged and this is due to be heard very shortly. Further explanations about the background to this matter will be given at the members meeting on Wednesday, 8th March, 1978.

## Staff

Some of our staff would claim that their position in the wages league table left much to be desired and yet whilst such yardsticks are used inevitably there will be some industries and occupations at the top and others at the bottom all jockeying for position. Average industrial wages disguise a bewildering morass of anomalies and distortions which without proper interpretation only lead to greater misunderstanding. Our weekly personnel costs are now £21,019. Ten per cent on that even if the present guide lines were achieved means an extra annual bill of £109,301 and if that is compared to our net trading profit for last year, it assumes quite a formidable problem. Industrial negotiations demand a great deal of understanding, common sense and skill on both sides and we are grateful for every bit of co-operation given by the staff and their Trade Unions.

### MEMBER RELATIONS COMMITTEE REPORT 1977

Dear Members,

It is our pleasure to report that during 1977 we obtained good support for our activities. To mark the Queens Silver Jubilee we held a brass band concert in the Assembly Rooms and this was very successful. The C.W.S. Band under their Musical Director, Mr. Trevor Walmsley, gave a sparkling performance. Mr. G. Clark, Chairman of the M.R.C. presented £20 to the Mayor's Royal Silver Jubilee Appeal being the proceeds of a raffle for a Jubilee Cake given by the Derby Society's Bakery.

A film evening was held at Polesworth for the Church Lads Brigade. Mr. R. Smith, Manager of our Travel Service showed a variety of holiday films. Mr. G. Clark and Mr. G. Lane then entertained with slides of 'The History and Growth of Tamworth Co-op Society' adding much interest with their own inside knowledge. In May the Co-op Union Junior Quiz and Public Speaking Rally was held at the Mercian School where the standard was very high. We congratulate our own Woodcraft Folk who won the Public Speaking Trophy.

M.R.C. Members have attended various meetings including Midland Education Convention held at Stanford Hall. Mr. P. Cornock, Trainee Buyer, Furnishing, attended a special scholarship, having gained diplomas in Co-op College Correspondence Courses. The theme was Challenge of Change—The Caring Sharing Co-op, and expansion of auxiliaries.

The Kingsbury Woodcraft have maintained a full programme of activities including camping, sponsored walks, community help, e.g. entertaining handicapped and senior citizens groups. Recently a Council has been formed of volunteers to help in fund raising. Meetings are held in Kingsbury 1st School on Mondays 6 - 9 p.m. and Wednesdays 6 - 9 p.m. Secretary Mrs. J. Holsday, 5 Millside, Kingsbury, Tamworth.

The Ballet Group under Miss McCracken has about 80 children in training and during the past year they have attained a very high standard gaining numerous awards. Two of the older girls have obtained the Teacher's Certificate. A number of shows have been held in the Assembly Rooms, and the Art Centre. The children have travelled to other cities to compete with a high degree of success. The Ballet is held on Friday evening at 5 p.m. and Saturday morning at the Education Centre.

The Pathfinders now have two new leaders, Miss C. Davis and Miss J. Coleman. Both have been in the Pathfinders so are conversant with the details of work required in running the group.

Our thanks are expressed to Mrs. J. Parrott, Group Supervisor who is now living in Banbury and Miss K. Waldron, Junior Leader who is a trainee nurse.

The Women's Guild continues to be active and has arranged lively discussions on current issues, handicraft, social activities and help for the N.C. Homes and Society Trade. New Members are always welcome.

We shall all miss Mr. George Lane (our Vice Chairman) who died suddenly on 20th January, 1978. George had spent a life time with Tamworth Co-operative Society and his earnest endeavour was the success of the Society both in trade and educational spheres.
